

## Download and Print Annotated Papers

There is a way for students and instructors to print out a PDF version of a Canvas annotated paper. It's not as elegant as we would like. The annotations are printed on the last page of the pdf file.

- 1) On the left course menu *click* **Grades**.

- 2) *Click* on the **assignment**.

- 3) In the **top right of the Submission Details** page *click* **View Feedback**.  
(You may need to use the scroll bar at the bottom of the window to move to the right to see the View Feedback link).

### Submission Details

- 4) In the top left *click* on the **down arrow** and save a copy of the annotated pdf version of the paper.

- 5) Once you download the paper, **open it in a program such as Adobe Acrobat Reader**.  
(**NOT** your web browser).

6) *Select* **Print**.

7) On the top right of the print page, *click* **Summarize Comments**.

8) *Click* **Yes**

9) *Click* **Print**

The paper will print with annotations numbered in the body of the paper and the corresponding comments at the end, referenced by the annotations number in the paper.
