

Download Grader Exam Scores and Upload Scores Into Canvas Grade Book

Instructors can download their exam scores from the CSU Grader system and upload those scores into their Canvas grade book.

Instructors can create a link in their Canvas course that will allow students to view their zip strips for a particular exam in Grader. A zip strip is a graphical representation of how the students' answers compare to the test's answer key.

In Canvas, you would need to create an assignment for your exam.

This will create the corresponding column in the grade book into which you can upload your exam scores.

NOTE: In July 2017, the web links for the Grade system for instructors and students were changed.

Instructors now login to Grader at:

<https://wsnet2.colostate.edu/grader/login.aspx>

Link you can place in your Canvas course for students to check their EZip is now:

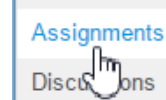

<https://wsnet2.colostate.edu/grader/ezip.aspx>

Create Assignment In Canvas For Your Exam

If you haven't already done so, create an assignment in your Canvas course for your exam.

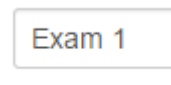

- 1) On the left **navigation menu** click **Assignments**.

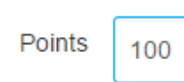

- 2) In the top right click “+ Assignment”.

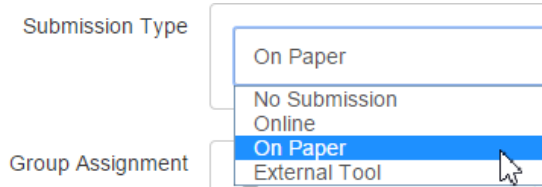

- 3) Type a **name** for the exam.
E.g. Exam 1

- 4) Type the number of **points** for the exam.

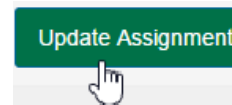

- 5) Under **Submission Type** select **On Paper**.

- 6) At the bottom of the page, you can *enter* a **Due Date** for the exam.

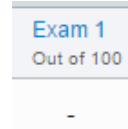

- 7) Click **Update Assignment**.

- 8) At the top of the page click **Publish**.

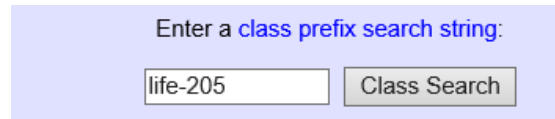

You will now see a column for this exam in the grade book.

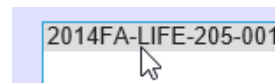

Download Exam Scores From Grader

- 1) *Login* to the **Grader** system with your CSU eID.
<https://wsnet2.colostate.edu/grader/login.aspx>

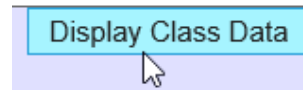

- 2) In Grader, on the **Course Selection** page, *enter* your **course** and *click* **Class Search**.

- 3) *Click* on **your course**.

- 4) At the bottom *click* **Display Class Data**.

- 5) In the row for your exam *click* **Grade Exam**.

Exam 1	Edit Exam	Upload Responses	View/Edit Response	Release for Grading	Grade Exam
---------------	------------------	-------------------------	---------------------------	----------------------------	-------------------

- 6) Click on the **CanvasExamScores.csv** file

Files to Download:

If you use Canvas:

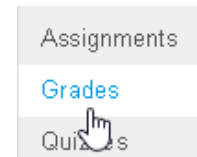

1. Click on the CanvasExamScores.csv file below and save to your computer.
CanvasExamScores.csv ←
2. Import the file into your Canvas grade book.

More detailed information on this process (pdf)

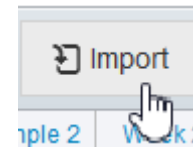

- 7) When prompted, *save* this **file** to your local computer.
- 8) Give **file a name** that quickly lets you know what is contained in the file.
e.g. Life205Exam1Canvas.csv

Upload Grader Exam Scores Into Canvas Grade Book

- 1) In your **Canvas course**, on the left navigation menu, *click* **Grades**.

- 2) In the **grade book**, in the top right *click* **Import**.

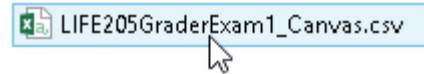

- 3) Click **Browse**.

Choose a CSV file to upload:

- 4) *Navigate* to the location on your **local computer** where you saved your Grader scores.

5) *Double click* on the **file**.

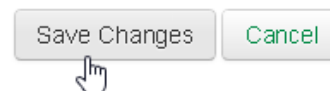

6) On the bottom left *click* **Upload Data**.

7) If the **column for the exam already exists in your grade book**, you will see a list of your students and the score that will go into the existing column.

Student	Exam 1
Student names	80
	67.5
	77.5
	57.5
	52.5

8) At the **bottom left** *click* **Save Changes**.

The scores will be uploaded into the exam column in the grade book.

If you had not already created an assignment for this exam in your Canvas course and its corresponding grade book column you will be prompted to create a new assignment in your course, which will create the corresponding grade book column. The exam scores will then be uploaded into the new column you created.

There was some stuff I couldn't figure out with the data that you uploaded:

You uploaded some assignments that don't appear to be in your gradebook before now it is a new assignment, or if it represents an existing assignment.

Assignment in question	This Assignment is
Exam 4	<div style="border: 1px solid #ccc; padding: 2px;">A new assignment ▼</div> <div style="border: 1px solid #ccc; padding: 2px; margin-top: 2px;">-- Choose --</div> <div style="border: 1px solid #ccc; padding: 2px; margin-top: 2px; background-color: #007bff; color: white;">A new assignment</div> <div style="margin-left: 20px; margin-top: 2px;">Exam 1</div> <div style="margin-left: 20px; margin-top: 2px;">Exam 2</div> <div style="margin-left: 20px; margin-top: 2px;">Exam 3</div>

Add Course Web Link To Allow Students To See Their EZip Strips

Set Exam in Grader to Release Zip Strips

- 1) EZip strips allow students to see how their exam answers compare to the exam's answer key. Instructors need to release EZip strips for each exam in the grader system.
- 2) In Grader, for EACH exam that you want your students to see their zip strips click on *Edit Exam*.

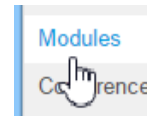

- 3) Make sure the **Release EZip Grades** box is *checked*.
- 4) *Click Update.*

Add Zip Strip Link To A Canvas Module

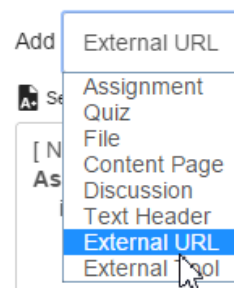

- 1) On the left **navigation menu** *click Modules*

- 2) *Choose the module* where you will add the zip strip link; *click on the “ + “ symbol to the right of the module.*

- 3) Under the **Add** drop down menu *select External URL.*

- 4) In the URL box, *copy can paste this link:*
<https://wsnet2.colostate.edu/grader/ezips.aspx>

- 5) *Type a page name.*
E.g. Check Zip Strips.

Add to Module 1

 Enter a URL and page name to add a link to any website URL to this module.

- 6) At the bottom of the page,
click Add Item

URL:

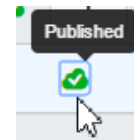

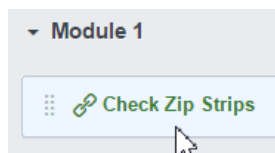

Page Name:

Load in a new tab

Indentation:

The link to the Zip Strips page will appear under the Module.

- 7) To the right of the Zip Strip link you created, **make sure the item is Published.** This will
students can see and click on the link.

Add Zip Strip Link To A Canvas Page

You can create a new Canvas page and add the Zip Strip link. Or you can add the Zip Strip link to an existing page. The example below shows adding the Zip Strip link to a new page.

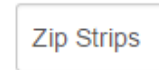

- 1) On the **left navigation menu** *click Pages.*

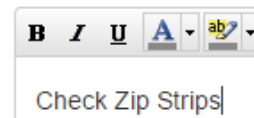

2) At the top right *click* on “+ Page”

3) *Type* a **name** for the page.
E.g. Zip Strips

4) In the body of the **text editor**, *type* a **name for the link**.
e.g. Check Zip Strips

5) With your mouse, *select/highlight* the **text you typed**.

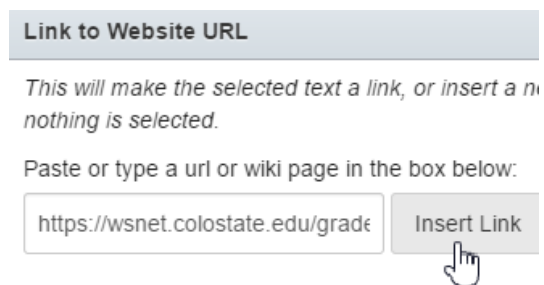

6) On the text **editor tool bar**, *click* on the **icon** that looks like a **chain link**.

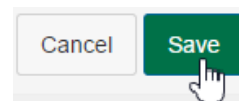

7) In the **url box**, *copy paste* this **link**:
<https://wsnet2.colostate.edu/grader/eziips.aspx>

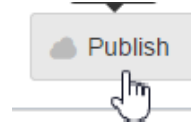

8) *Click* **Insert Link**.

9) At the bottom of the page *click* **Save**.

10) At the top right of the page, *click Publish.*

What Students Will See

When a student clicks on the Zip Strip link you created on either a module or page, they will be prompted to enter their CSU eID. They can select the class they wish to see and view their all of their exam EZip strips for that course.
