

## View ALL of Your Courses in Canvas

When you first login to Canvas, on your Dashboard you will see Course Cards for courses that have been marked as Favorites. You likely will not see all of your courses on the Dashboard.

### Prerequisites:

- Students must be enrolled in a course.
- Instructors need to be assigned as the instructor for a course by their department in ARIESweb.
- Student access to most Canvas courses opens on the Friday before a semester begins.
- Not all courses use Canvas. Check with your instructor.
- Enrollments are synced between Canvas and the student information system three times a day: approximately 7 am, 1 pm and 5 pm; it can take a few hours for your class to appear in Canvas

### View ALL of Your Courses – Current and Future

1) *Login to Canvas*

<https://canvas.colostate.edu>

2) On the **left menu** *click Courses*.

3) At the **top of the list** *click All Courses*.

At the **top of the Course list** will be courses to which you have access.

Course	Nickname	Term	Enrolled as	Published
★ ■ ADM-COM-Tools_Integration-2016FA		COMMUNITIES-Te...	Student	Yes
★ ■ ADM-MAN-ProctorU-2018SM		PRACTICEandTES...	Student	Yes

At the **bottom, under Future Enrollments**, are courses that have not yet started.

**Instructors** can *click* on a **Future course**, enter, and work on the course.

Future Enrollments	
Course	Nickname

**Students cannot enter a future course until it has been opened for student access.**

## Make a Course a Favorite To See It When You First Login

- 1) *Click* on **Courses**
- 2) At the **top** *click* **All Courses**
- 3) In the **left margin** next to a **course's name**, *click* on the **star to turn it gold**; now it's a Favorite.

It will appear on your Dashboard when you first login to Canvas.

- 4) *Click* to **Unstar** a course that you no longer wish to have as a Favorite.
