

Add Echo360 Navigation into a Canvas Course

The directions below describe how to add the Echo360 link to the left navigation within a Canvas course.

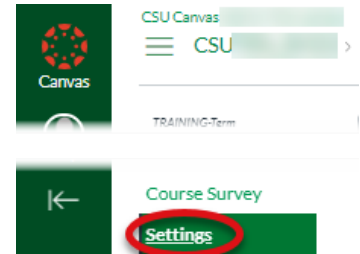

Note: Instructors must first [request an Echo360 course](#) for the semester from [CSU's Echo360 Help page](#) to link Echo360 to a Canvas course.

Add Echo360 navigation to a Canvas Course

Log into your [Canvas course](#).

On the bottom left course menu, click Settings.

On the top of the settings page, click on the Navigation tab.

Towards the bottom of the page, locate the Echo360 item. On the right side of the Echo360 item, click the three-dot menu and choose + Enable.

Scroll to the bottom of the page and click Save.

Connect your Canvas Course to your Echo Course

In your Canvas course, click on the Echo360 navigation on the left menu.

On the Select a section dropdown menu, select your Echo course.

Connect your Echo360 Content

Step 1: Choose (or create) a section

Choose what your students will see when they click on the course menu Echo 360 link. CSU recommends selecting Link to the Section Home. Click Link Content to accept this choice.

Step 2: Select where you want students to be redirected: Class List page or a specific Classroom

Note: Echo Public Links may be used to link to a specific class session video in a Canvas course module or Page.

You will see the videos you have placed in your Echo course.

Student View

When students click on the Echo360 link from the Canvas course menu, they will see links to your Echo360 course videos.

Week One Lecture	May 15, 2014 2:06pm-2:12pm	
Week 3	May 29, 2014 3:07pm-3:25pm	

Reset Echo 360 Course in Canvas

If existing Canvas course content is copied into a new Canvas course, the new course will be linked to the previous Echo360 course.

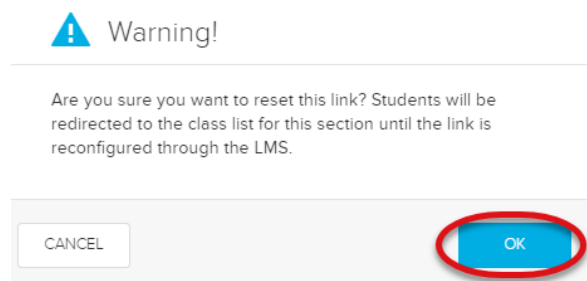

[Add the Echo360 navigation](#) into the new Canvas course,

In your Canvas course, click on the Echo360 navigation on the left menu.

On the top left of the page, click on the Reset LMS Link button.

Read the warning window and click OK.

Click on the Link a different section option. Then click on the Select a Section dropdown to select the new section.

Connect your Echo360 Content

Step 1: Choose (or create) a section

This LMS course is currently linked to a single Echo360 section. All unconfigured, class list page for the section below.

Currently linked sections (1):

The screenshot shows a configuration interface for Echo360 content. At the top, it says "Currently linked sections (1):" followed by a box containing "PRACTICE-ADM-EchoTestCourse - 001 (Test)". Below this is a blue button labeled "Link a different section" which is circled in red. Underneath is a "Section" dropdown menu with the text "Select a Section..." and a downward arrow icon, also circled in red. The dropdown menu is open, showing two options: "PRACTICE-ADM-McGrawHillCampusTesting - 001 (Test)" and "PRACTICE-ADM-EchoTestCourse - 100 (Test)".

Choose what your students will see when they click on the course menu Echo 360 link. CSU recommends selecting Link to the Section Home. Click Link Content to accept this choice.

Step 2: Select where you want students to be redirected: Class List page or a specific Classroom

The screenshot shows three radio button options for redirection. The first option is "Link to the Section Home" with a selected radio button. The second option is "Link to a Classroom" with an unselected radio button. The third option is "LINK CONTENT" with an unselected radio button, and this button is circled in red.
